REPORTER

ROBERT L. TRIPP
472 Prospect Point Road
Ridgeway Ontario
Canada

Dear Archie,

In Ontario we have a "winter break" in March which lasts for one week. This year during the break, my family and I made an enjoyable excursion by train to the town of Moosonee, some 700 miles north of here. Most people travel south in the winter, but we wanted a train ride while seeing more of our own province. Besides, we were game for the cold weather.

The journey by train was great both ways. We slept when we could and the time passed quickly. Moosonee is the farthest north in Ontario that the railroad runs. Any cars in Moosonee have been brought in by train, and none require a license to drive.

We stayed at the lovely Moosonee Lodge where the food was really swell. During our stay, we found out some interesting things and visited some interesting places.

Frozen Moose River provides a safe "winter road" from the mainland out to Moose Factory Island. We learned that in winter, the ice is about six feet thick. The movement of the tide out into James Bay during the spring thaw eventually breaks it up.

Everyone in Moosonee treated us extremely well wherever we went. One day we visited the Canadian Air Force base up there. Another time, we went on a tour of the weather station. We were simply awed by the fantastic instruments and techniques used in finding out the weather. It was 4.7 F. when we were there.

About ninety per cent of Moosonee's population is Indian. We heard the Cree language being used quite frequently. Most of the Indians are poor but happy.

Moose Factory used to be a supply house for the early explorers. Today a memorial stands to dedicate their hard work and sacrifice. The beautiful Hudson's Bay Company department store now acts as supply house for the public.

Transportation in Moosonee is mainly by snowmobile. It's sure a lot of fun, but essential to move from one place to another in this snow covered settlement!

We had an unforgetably wonderful time in Moosonee. I just couldn't take enough pictures! Perhaps we'll make it up there some time in the summer. I sure hope so!

Dear Archie,

We went to Mexico last summer. As we traveled through Mexico we went by the mountains. We made the trip to Mexico because of the soccer games.

We headed to Guadalajara, a city in Mexico. We spent a week at a hotel. At the hotel we met British people. They spoke odd but we made friends. While we were there we played basketball and we swam in the swimming pool. We also played with the British. After a week we were ready to leave. Some of the British people said they were going to Germany in four years.

On the way home we stopped off by the Astrodome in Texas. We went to Astroworld also. We took many rides.

By the way, I joined your club when we were in Mexico.

Dear Archie,
The Surfer.
Down on the lake the waves came

rolling in, high and long, foaming white. In he rides on the wings of loneliness. Without a friend, alone. The blazing sun is low in the silent sky. All of a sudden it bursts into color. Pink, orange, lavender. But still he rides on. The sand plays through the fingers of the wind, whirling and gliding in clouds of fear and settling like dew on the morning grass. But the lone surfer rides on in the silence of dusk. Without a friend, alone.

Dear Archie,

Everyone in the world is concerned about pollution, but what are they doing to stop it?

At first they would throw paper in the litter basket but after a while they were throwing it on the ground again. I think young kids today should stop and think before they throw paper on the ground. After all, in a few years this will be our world to rule and live in. But if we pollute it will there be a world left for us?

PLAY 1971 BIG LEAGUE BASEBALL GAMES

Easy to play, real thrilling, exciting baseball with **STRAT-O-MATIC**. 480 big league players perform according to their actual abilities and your managerial decisions. You, the manager, call all strategy moves for all major league teams.

You, the manager, not only decide lineups, insert pinch-hitters, pinch-runners, and relief pitchers, play your infield "in or deep," and make defensive changes at any time, but also call for the sacrifice, steal, hit-and-run, and squeeze-play. All strategy moves are possible with **STRAT-O-MATIC**.

You have real control over all 480 major league players — who actually hit, pitch, field, and run according to their baseball abilities.

Each player has truly individual qualities. He slumps and goes into hot streaks, performs heroics and commits errors. With **STRAT-O-MATIC** all qualities of a ballplayer are realistic.

For example, in batting Frank Howard will be among the leaders in both home runs and strikeouts. John Johnson will be among your batting average leaders, but will hit fewer home runs than the average ballplayer.

In pitching, Fergie Jenkins will display good control, be difficult to hit, but will yield more "gopher balls" than most major league pitchers.

In fielding, Pete Rose will make catches which other outfielders would fail to make. Brooks Robinson will make fewer errors and take away more would-be base hits than other third basemen. In base running, and stealing also, all players will perform realistically.

The above are just some of **STRAT-O-MATIC's** highlights. For the entire story, mail coupon for a colorful **FREE BROCHURE** containing full detailed information and **FREE STRAT-O-MATIC SAMPLES**. Don't delay. Write today!
